CILT(UK) Eastern Region Suffolk Group

8th September 2010

CILT Suffolk - Inaugural Meeting

CILT(UK) held the first meeting of CILT(UK) Suffolk Group at Amberfield School on 8th September to agree on how to map a way forward, which would be of interest to Institute and non-Institute members in the Suffolk Group.

Over 250 members hold an IP postcode, but to-date few meetings are held within relatively easy driving distance from these addresses. The audience at Amberfield suggested that CILT Suffolk Group could fill a gap for Logistics and Supply Chain Managers, Environmental Managers and those with an interest in how various forms of transport, including passenger transport, could benefit the local community, especially where the economy was in a tough development phase

Those who attended were asked to consider various venues and/or organisations where suitable events could be held such as East Port in Great Yarmouth, Adnams Brewery, Ipswich Buses and Benham Publishing

The next meeting will be organised for mid February; details to follow in Focus Programme.
