## A Cause for Celebration

The 10th Annual CILT(UK) Young Professionals' Conference brings you a heavyweight line up of speakers, excellent networking opportunities and unequalled value for money that has become synonymous with this conference series.

Organised by young CILT members from the Scottish Region this one-day event highlights good practice drawing on the experience of practitioners at the forefront of transport and logistics in the UK.

The conference offers outstanding value for money and provides an excellent opportunity for professional development and to expand your knowledge base in relation to the delivery of projects and operational improvements.

The conference will comprise plenary sessions, a workshop and a drinks reception allowing for audience participation and networking throughout the day.

## Audience

The conference is deliberately inclusive in scope.
